## EXPERIENCE

Research Professor August 2013-present  
*University of New Mexico School of Law &*  
Private practice in environmental law, Santa Fe, New Mexico

Professor of Law 1991- August 2013  
*University of New Mexico School of Law*

- Primarily teach Environmental Law, Water Policy, Natural Resources Law and related subjects
- Supervise student writing projects
- Provide advisement on career placements
- Participate in School's Natural Resources Program

Director 2011-August 2013  
*Utton Transboundary Resources Center*  
Center pursues research and programs in a variety of energy and water related fields including climate change and water management, river restoration, tribal water settlements, energy and water relationships, and state water adjudications.

Chair November 1995 - July 1998  
*Western Water Policy Review Advisory Commission*  
Report in depository libraries and at <https://repository.unm.edu/dspace/handle/1928/2788>

- Commission was established by Act of Congress and was comprised of eight citizens, two cabinet secretaries, and twelve members of Congress. I was appointed by President Clinton to chair it in November of 1995. Its mission was to review the role of the federal government in western water policy.
- Commission issued a final report entitled Water in the West, following numerous meetings across the Western portion of the United States. In the course of doing so, a research plan was devised and established; a number of reports were commissioned to address water policy issues; and comments and concerns were solicited from the general public and special interest groups.

I had executive responsibility for the Commission.

Director Fall 1991 - August 1996  
Water Resources Administration Program  
*University of New Mexico*

- Administered interdisciplinary graduate water resources program, including budget, admissions, curriculum, graduation requirements, appointment of adjunct faculty, coordination of faculty steering committee, and coordination with other units on campus.
- Taught environmental policy to graduate students across campus; served on thesis and professional project committees; and was on examination committees for master's students.

Visiting Assistant Professor,  
*School of Architecture and Planning*  
*University of New Mexico*

Spring 1991

- Taught graduate level courses in regional planning, water planning and development, and environmental law

Consultant  
*Natural Heritage Institute, California*

July 1990 - 1992

- Natural resource analysis for private and public clients.

Executive Director  
*Citizens for a Better Environment, California*

November 1988 - July 1990

- Directed all activities of this California based environmental organization
- Supervised staff which included attorneys, researchers, and development and administrative personnel

The organization focuses on environmental justice issues, including air, water, solid waste and toxics.

Adjunct Faculty  
*Santa Clara University, School of Law*

Fall 1989

Research Associate and Visiting Scholar  
*University of New Mexico, Institute of Public Policy*  
*University of New Mexico, School of Law*

August 1987 - August 1988

August 1987 - August 1988

- Designed and taught a course in Political Science and Women's Studies on contemporary state policy issues
- Co-taught course in law school on legislative process
- Prepared contributions to books on state government and economic development, and lectured extensively on environmental subjects

Director  
*Environmental Improvement Division, State of New Mexico*    September 1984 - December 1986

- Responsible for all major environmental areas, including air quality, surface and ground water quality, radiation, and occupational safety and health
- Administrated day-to-day operations including planning, personnel management, budgetary issues, and program responsibilities
- Lobbied the state legislature on behalf of the agency
- Chaired and served on numerous state and national boards and commissions

- Gave speeches; held news conferences; and appeared on television and radio shows
- Testified before committees of the United States Congress
- Served as member of Governor's Cabinet; participated in Governor's Environmental Subcabinet; and was a member of the Environment Subcommittee of the Energy and Environment Committee of National Governor's Association
- Chaired the Water Quality Control Commission and served on Radioactive Waste Consultation Task Force.

Key accomplishments included increased enforcement of environmental laws, strengthened protection for agricultural workers, secured appropriations for asbestos removal, and successful advocacy of the State's interests before Congress. By administrative order, Governor elevated to cabinet position during my term.

#### Cabinet Secretary

*Department of Finance and Administration, State of New Mexico* January 1983 - August 1984

- Responsible for management of State's budget, fiscal controls, public school and local government finance, capital bonding, and planning
- Presented and lobbied Governor's budget and financial bills to the legislature
- Served on numerous boards and commissions and represented administration in public functions
- Administrator of agency in regards to personnel, planning, budgeting and programming responsibilities.

#### Legal Counsel

*Taxation and Revenue Department, State of New Mexico* April 1979 - December 1982

- Conducted litigation, supervised attorneys, law clerks, support staff, and others during the conduct of that litigation while working closely with both secretaries of the Department.
- Entrusted with major litigation resulting in substantial fiscal impacts on the State.
- Co-counsel in U.S. Supreme Court case, *F.W. Woolworth v. Taxation and Revenue Department of the State of New Mexico*, 458 U.S. 354 (1982); and represented State in cases before federal and state appellate courts, district courts and administrative bodies.
- Presented testimony before congressional and federal bodies, spoke at legal conferences.

#### Attorney

*Southwest Research and Information Center* May 1977 - March 1979

- Handled administrative and civil litigation in energy and environmental fields, supervised legal interns and other employees on projects
- Appeared in National Pollutant Discharge Elimination System hearings, and before the New Mexico Environmental Improvement Board, other federal and state agencies, including the U.S. Nuclear Regulatory Commission, the U.S. Environmental Protection Agency, the Environmental Improvement Division, and the U.S. Congress.
- Worked with citizen's groups and news media.

Uranium mining and nuclear waste disposal were the primary subjects of legal representation.

## Attorney

*New Mexico Public Interest Research Group*

August 1976 - May 1977

- Handled corporate affairs of the group (tax liability, unemployment insurance, etc.)
- Coordinated preparation of public information (supervised work of law students and other volunteers on landlord-tenant handbook)
- Represented group in administrative proceedings
- Appeared before the New Mexico Legislature as lobbyist
- Supervised law students, law graduates and others in research projects.

## Judicial Law Clerk

*The Honorable Ramon Lopez, New Mexico Court of Appeals*

September 1975 - July 1976

## EDUCATION

Legal: Catholic University of America, Washington D.C., J.D., May 1975

Undergraduate: St. John's College, Santa Fe, New Mexico, B.A., May 1972

## BAR MEMBERSHIPS

United States Supreme Court

United States Court of Appeals for the Tenth Circuit

United States Court of Appeals for the Ninth Circuit

New Mexico Supreme Court
