A. ATTENDANCE:

Class participation is an important aspect of the course; therefore, students are expected to attend each class session. In order to receive full credit for the course, no more than three (3) absences can be allowed. Half-class attendance and absences will be counted (as \( \frac{1}{2} \)).

B. REQUIRED READING:

4. Read material in the binder of *photocopied articles and excerpts* for the course. Available at the CUME Library. Or read 100 pages on course topics and submit a report. See reading report forms for details

*** Hand in *Reading Reports* of what you have read. These will list all reading assignments by class. The dates they are due are as follows:

FIRST HALF REPORT – October 25, 2011

C. Worksheets & Quizzes – 3 take home exercises need to be completed.

1. Library / Reference Tools Quiz - Due October 4, 2011

2. Footnote quiz / Worksheet - Due October 18, 2011

(Will be accepted through Dec. 13th)

A working knowledge of English grammar is an important component of writing. Though useful and desirable, it is not possible for this course to adequately provide a comprehensive review of grammar. We will cover the most common problem areas. However, since each person has his or her own individual strengths and weaknesses, to attempt to cover all aspects of grammar typically helps some, while it bores others. We are not so much concerned that you know all the particular names of the rules, but rather that your usage of standard English grammar improves, resulting in more effective writing. We will review your worksheets and make suggestions for further learning. See also the bibliography for recommended reading on grammar & writing.
D. WRITE A 10 PAGE RESEARCH PAPER:
The preliminary assignments (#1-4) are designed to help build toward the end goal of completing the 10 page research paper. It is important that you complete each preliminary assignment on time.

1. Submit the TOPIC Report Form for your paper.  
   (Select & describe a topic you will write your paper about)  
   DUE Sept. 20, 2011  
   Note: If you change your topic, submit in writing your new topic & obtain approval for it.

2. Submit a PRELIMINARY BIBLIOGRAPHY of 10 to 25 works, that apply to your topic and could be of possible use to you.  
   (Hint: Try to look at the sources & select at least ten whose content is best for your topic.)  
   DUE Oct. 18, 2011

3. Submit a PRELIMINARY OUTLINE of your paper. This can be revised later and improved for inclusion in the rough draft and final paper.  
   DUE Nov. 1, 2011

4. Submit a photocopy of your FIRST DRAFT OF THE PAPER.  
   Include footnotes, bibliography and outline. Be sure to make a backup copy of your paper. This will enable you to continue working on your final version while we correct your first draft. Double space your paper.  
   DUE Nov. 22, 2011

5. Submit the FINAL DRAFT of your ten page Research Paper.  
   The paper must be typed. It should be approximately 2500 words, minimum. In typed form with double spacing and one inch margins, this should come to about 10 pages of written text. In summary, your paper:  
   *Should be typed with double spacing, one inch margins, 10-12 point font  
   *Should be 10 pages / 2500 words  
   *Should be a Research type paper (topic approved by us)  
   *Should include Title Page, Outline page, Footnotes or Endnotes, and Bibliography  
   *Pages should be numbered beginning with the first page of text.  
   DUE Dec. 13, 2011

6. Give an ORAL PRESENTATION of the findings of your research paper  
   A short (five minute) presentation of your paper's thesis, summary of what you have researched (your findings/conclusions), and the implications / significance of your research.  
   DUE Dec. 13, 2011
IV. GRADE COMPUTATION:

Although the grades are carefully detailed according to the breakdown below, there is considerable flexibility for those of different abilities and experience. Significant credit is given for improvement. Promptness in handing in papers is more important in this course than in some courses because we want to give you feedback early enough so that you can have a chance to improve and revise your work under our guidance. The preliminary bibliography and outline must be completed before the rough draft to receive credit. The course also seeks to help you in planning the steps in doing a paper according to a timely schedule. To receive an "A" you need to carefully fulfill the promptness, attendance, and report requirements and not merely submit a good final paper.

Theological Studies is a quarterly peer-reviewed academic journal published by the Society of Jesus in the United States covering research on all aspects of theology. The journal is hosted by Santa Clara University and was established in 1940. The current editor-in-chief is Paul G. Crowley (Santa Clara University). Official website. Urban study is a complicated syncretic discipline that combines research methods and stochastic techniques from different fields of science like anthropology, sociology, history, psychology, economics, meteorology, ecology and even architectural engineering. Performing an exploration work about an urban object requires great experience and a knowledge base, assembled for these disciplines. In addition, one has to keep in mind a specificity of any concrete objective. This requirement does not make the author’s task easier. One just could not use the general research summary template to perform Urban Studies. edited by. Ronan Paddison. Handbook of Urban Studies. Handbook of Urban Studies. Edited by RONAN PADDISON.
