Chinese Studies Stylesheet 320

Chinese studies is the study of a people, their culture and their history. At the heart of Chinese civilization is its rich heritage of short stories, novels, drama, poetry and film. They shed a lot of light on the struggles, the values, the joys and the sorrows of a great civilization and provides great insight into the most intimate feelings of people past and present in the complex and diverse land of China. Understanding China helps you to learn the language, which is one of the most difficult languages in the world to learn. Chinese Studies at Leiden University is an accredited degree programme.
