Buy Study Guide. *Song of Solomon*, a rich and empowering novel published in 1977 that focuses on black life across America, follows the path of Milkman Dead, a young black male in search for his identity. Toni Morrison's gift of storytelling clearly shines through her poignant writing, as she presents Dead's search for his culture and history, impeded by the society he lives in. *Song of Solomon* not only focuses on African American community life, it is also a stark depicter of everyday white oppression. *Song of Solomon* is also Morrison's first novel to be written through a male protagonist view, and the narrator's extraordinary manner of weaving in and out creates an even more spellbound lure into the novel's plot.
