National Park has a variety of places to visit and is rich in bountiful nature. The famous rainforests of Borneo can be experienced at the
park. Be sure to follow the park rules and to clean up after yourself. Kota Kinabalu is one of the best places to begin your explorations
of the island of Borneo. With world-class facilities and some of the most beautiful sights of nature, Kota Kinabalu continues to enjoy a
popular presence in the tourism industry. Be sure to book your tours with reputed companies and be mindful of the ecosystem of the
region. Whether it is the rainforest or the marine ecosystem, they exist in a delicate balance, and we must work towards maintaining
their conditions. The Kinabalu massif, encompassing only about 1250 km², is smaller than most English counties, yet an astonishing
number of orchids are recorded here. Some 866 taxa in 134 genera have recently been documented from the massif. Nearly 38% of the
orchid species are known from just one locality and about 16% have been collected only once. The Kinabalu vascular plant flora may
include as many as 5000 to 6000 species, and is one of the most diverse, if not the most diverse, floras in the world. Additionally, Mount
Kinabalu has been a centre of extremely active plant evolution and speciation and prese
