Reviews

The best publication i ever study. It is really basic but unexpected situations within the fifty percent of your publication. Your lifestyle period is going to be enhance as soon as you total reading this article publication.

-- **Ashton Kassulke**

This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dylan Schaden**

For courses in Social Work Practicum / Field Experience in Social Work. Theory and practice combine to offer a unique format for understanding, structuring, implementing, and evaluating practicum experience at both the BSW and MSW levels. This book is geared at preparing students for professional practice by providing a structured and yet individualised map for gaining the competencies required of social work professionals. The format integrates theory and practice to walk readers through the process of acquiring knowledge, developing skills, and enhancing social work values. The student is able to learn more about their strengths and weakness, so they are able to know what they need to work on. This is also when students learn how to use evidence based practice with factual clients/cases. According to Garthwait (2017) â€œthe practicum is when students make considerable progress in developing self-awareness and come to a better understanding of their individual strengths and limitationsâ€ (p.2).
